PROFILE

A fourth-year Bachelor of Science in Information Technology student at STI College Lipa seeking an On-the-Job Training (OJT) internship to apply knowledge in web development while gaining hands-on industry experience.

PROJECTS & EXPERIENCE

Academic Projects
2023 – present

STI College — *Lipa City, Batangas*

- Completed web, mobile, networking, 2D animation, and 3D animation projects as part of the BSIT curriculum.
- Collaborated on group projects and frequently led the team, assigning tasks and coordinating progress.
- Met laboratory requirements and project deadlines consistently across technical courses.

WorkPulse (Capstone Project)
2026

STI College — *Lipa City, Batangas*

- Created storyboards in Canva and designed the project Gantt chart, while reviewing diagrams for accuracy and quality.
- Contributed ideas on system logic, tested the system to identify bugs, and updated the system layout as needed.
- Assisted with the technical sections of the capstone paper and took on additional development and research tasks to keep project work on schedule.

IT Team Lead (Work Immersion)
2023

Creotec Philippines, Inc. — *Biñan, Laguna*

- Led and coordinated a development team, keeping track of daily progress and workflows while maintaining team alignment in a remote environment.
- Designed visual reports and presentations using Canva to present clear updates and feedback.
- Proactively filled critical resource gaps by stepping in to conduct software testing and assisting the documentation team, ensuring project deliverables met quality standards on time.
